## THE COMMISSIONER'S INTERNET RESOURCES WORKSHOP PART 3

### Section 3 -- Scouting Related FTP Sites

#### FTP Sites

Scouting material for both Scouts and leaders, including campfire songs, games, history, world news, and unit administration information can be found at the following File Transfer Protocol (FTP) sites:

America Online	<a href="ftp://users.aol.com/bcsoft/scouting/inpowwow">ftp://users.aol.com/bcsoft/scouting/inpowwow</a>

Files stored at [pluto.utdallas.edu](http://pluto.utdallas.edu) can also be accessed by Gopher or WWW. Each FTP site has its own directory structure and hundreds of useful files. Remember that part of the fun is figuring out where to get what information. If you need some help finding things, two great resources are SCOUTS-L and E-SCOUTS. Both discussion groups have dedicated Scouters with much more Internet experience than most of us, who are more than willing to give you helpful information on which file contains what information and how to call up that information.

### Goodies:

ScoutWare 1.0 for Windows is now available for download via anonymous FTP from <ftp.us.net/pub/scout> and the file name is [scoutw.exe](#).
